

As a financial supporter and avid listener of K-LOVE, I was very upset to hear that this station may be forced off the air in my area. I don't feel that local LPFM stations should be able to have priority over the nationally broadcast stations. K-LOVE provides invaluable benefits to communities through its ministries. I appreciate having a positive, Christian, commercial-free station for my family to listen to, and I would be very upset if this is taken away.

Sincerely,

Cynthia S. Mullins, DVM
